

McElmeel Mobility Services offer a wide range of wheelchair access conversions on Ford Minibuses.

With side access or modified front access, we can build your Minibus with fixed, quick release or tip and fold seats on a tracked or smartfloor.

We offer a range of wheelchair lifts; various sizes, designs and manufacturers available to meet your requirements.

All of our minibuses are designed with your passengers in mind, meeting local and national licensing and permit regulations, all coming with IVA or European Type Approval.
